

Center for Spiritual Living, Asheville Treatment for Freedom

I speak my word for myself, my Center and all its members and friends:

*I know Love as the only Reality. I am created out of Love;
Love is what I am.*

*I know this Love as Absolute Freedom in every area of my life,
the life of my Center and all who call it home.*

*I know our Center's mortgages are paid in full and I claim
for all of us financial freedom with all debts paid and
cleared.*

*I release any sense of struggle or wrongdoing. I live in an
Abundant Universe where there is more than enough for all.*

*We experience freedom in every moment by always having
more than enough money, vibrant health and loving
relationships.*

*We are who we have come here to be. With hearts open wide,
we see the world through the eyes of Love.*

We are blessed, we are rich and we are FREE!

And So It Is!
